

Please join LifeLube, Association of Latin Men for Action, Chicago Black Gay Men's Caucus, Communities of Color Collaborative, Project CRYSP, and Feast of Fun for this very special forum

Prevention Revolution or Magical Thinking?

Is a daily pill the answer to HIV prevention among gay men?

- ▶ Learn more about the iPrEx trial that showed taking a daily pill could protect against HIV.
- ▶ Hear first-hand what it's like taking "the pill" to prevent HIV.
- ▶ Ask the tough questions about costs, risks, and how far YOU would go to protect yourself.
- ▶ Find out about prevention research in Chicago and how you can get involved.

Featured guests:

- **Bob Grant**, Principal Investigator of the iPrEx trial
- **Keith Green**, Director of Federal Affairs, AIDS Foundation of Chicago
- **Nick Literski**, PrEP user (Seattle)
- **Rico Herrera**, PrEP user (Chicago)

• **Moderated by Fausto Fernós and Marc Felion** of the Feast of Fun Podcast,

Listen to the podcast after the event:

Sponsored by:

Project CRYSP is a Chicago Department of Public Health collaboration with AIDS Foundation of Chicago, Center on Halsted, Howard Brown Health Center and Test Positive Aware Network.
